

Clotilde Rullaud

In Extremis 3/3

O's Notes: The US release of French vocalist Clotilde Rullaud follows rave reviews in Europe of a performance that crosses pop and classical with spirited jazz. Rullaud scats and sings in both French and English over both classics and originals. She is backed by Olivier Hutman (p), Dano Haider (g, b) and Antoine Paganotti (d, vocals). They blend traditional, pop and jazz in a way that begs your attention.
